MERCO®
FITNESS EQUIPMENT

BELLA

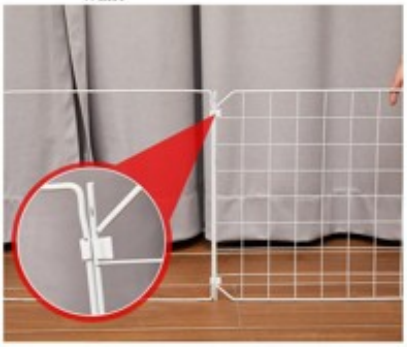

STEP 1 : Lay the connectors up on the ground. You can place them in any shape you want

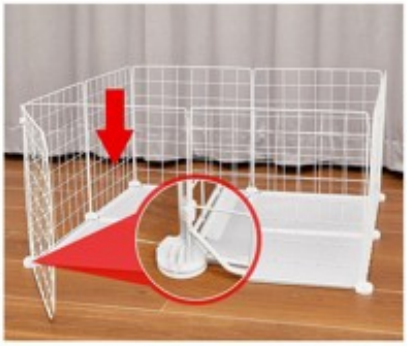

STEP 2 : Snap the netless board into the connector

STEP 3 : Press the mesh board from top to bottom in the connector

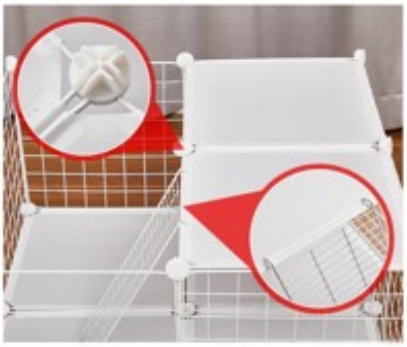

STEP 4 : Connect door frame and mesh door together with door buckle

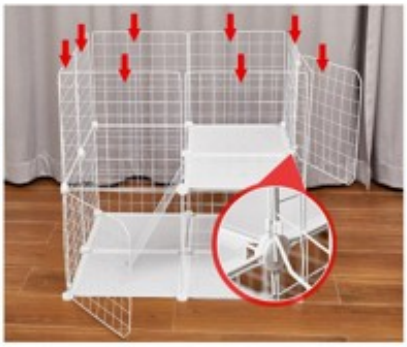

STEP 5 : Install the connected door and frame into the connector from top to bottom

STEP 6 : With the connector facing forward, press it from the side onto the stencil

STEP 7 : Step7:Press the 2 netless boards sideways into the connector and place the ladder on it

STEP 8 : Repeat the above operations to install the second layer

STEP 9 : With the connector facing forward, press it from the side onto the mesh board

STEP 10 : Press the 4 mesh boards sideways into the connector and it's finished
